Professional Summary

Motivated B.Tech Artificial Intelligence and Data Science student with hands-on experience in Python development, MERN stack development, Django, and responsive web design. Completed a professional internship as a Python Developer Intern at Webandcrafts, gaining practical exposure to real-world software development workflows. Passionate about building scalable applications, learning emerging technologies, and solving real-world problems through technology.

Education

Mentor Engineering College

B.Tech in Artificial Intelligence and Data Science

Pursuing

Govt. HSS Mambaram, Kannur, Kerala

Higher Secondary Education

2020 – 2022

Kuthuparamba Higher Secondary School

High School

2019 – 2020

Internship Experience

Webandcrafts, Infopark Koratty, Thrissur

Python Developer Intern

June 2025 – July 2025

- Completed a one-month professional internship as a Python Developer Intern.
- Gained practical exposure to Python development and software development workflows.
- Contributed to project-related tasks with dedication and professionalism.
- Improved debugging, documentation, and problem-solving skills.

Technical Skills

- Programming Languages:** Python, C Programming, JavaScript
- Frontend:** HTML5, CSS3, React.js
- Backend:** Node.js, Express.js, Django
- Database:** MongoDB, SQLite
- Tools:** Git, GitHub, VS Code
- Other Skills:** REST APIs, JWT Authentication, Responsive Web Design, UI/UX Basics

Projects

E-Commerce Website

MERN Stack

- Developed a complete e-commerce application using React.js, Node.js, Express.js, and MongoDB.
- Implemented authentication, product management, shopping cart, checkout, and order tracking.
- Connected frontend and backend using REST APIs.
- Built a modern responsive user interface.

Online Course Management Portal

MERN Stack

- Developed a role-based learning management system.
- Implemented JWT authentication and secure login.
- Added course enrollment, dashboard, and progress tracking features.
- Built using React.js, Express.js, Node.js, and MongoDB.

Spending Tracker

Django

- Developed a full-stack expense tracking application using Django.
- Implemented complete CRUD operations for income and expense records.
- Added secure user authentication.
- Managed financial records using SQLite.

Weather Application

- Developed a real-time weather application using JavaScript and Weather API.
- Displayed city-based weather details such as temperature, condition, and location.
- Designed a clean and responsive user interface.

Personal Portfolio Website

- Developed a responsive portfolio website to showcase education, skills, projects, and experience.
- Integrated direct links to Portfolio, GitHub, LinkedIn, and Email.

Certifications

- Python Developer Internship Certificate – Webandcrafts, Infopark Koratty, Thrissur
- International Workshop on Practical 5G Technology

Soft Skills

- Critical Thinking
- Teamwork
- Communication
- Adaptability
- Active Listening
- Interest to Learn New Things

Languages

- English
